The Conseil des écoles fransaskoises, is the only francophone school board in Saskatchewan. With nine francophone regions now gathering 12 schools and a boarding school (opened 24/7 in Gravelbourg), the CÉF has gained much success in the past years, and the growing number of pupils are the reflection of the desire of the community to take in hand the education of their children.

When you register your child in one of our schools, you are not only providing him or her with a top-notch education, you are also gaining a community: one that cherishes your participation.

The CÉF promotes excellence in an environment that fosters cultural, academic and personal growth. Your child will have access to a full-range of courses that will prepare him for the work force or postsecondary education. These include an applied and practical arts program, aimed at those who wish to receive specialized training in fields such as cosmetics, mechanics, food service and woodworking to name a few.

A well-known cultural program and a series of extracurricular activities complement the Department of Learning curriculum. So why don't you give us a call and find out if your child qualifies to attend. Learn how he/she can take advantage of a multifaceted education and take part in a rewarding experience.
